

CALLIDE COAL MINE

Client: Batchfire
Location: Biloela, QLD
Commodity: Coal
Project Start Date: March 2018
Project End Date: Feb 2020

Project Description

In 2018 Batchfire outsourced its drill operations at the Callide coal mine to JSW.

Equipment

- Drilltech DK40 and DK45
- Altas Copco PV235
- Reichdrill C750
- Bucyrus Eri B39E and B39HR

Value Add

By executing a carefully curated strategy and bringing in newer, customised drills, JSW successfully maintained previous productivity at reduced costs to the client.

Scope

- Production drilling
